AutoTag and AutoDetacher

BRINGING UPGRADED EFFICIENCY TO RETAIL SECURITY

AutoTag T244

AutoDetacher D420

CE CERTIFIED

AutoTag and AutoDetacher, the patented unlocking security system, are designed and developed by Century. Driven by mechanics and power, the AutoDetacher rotates and subsequently detaches our AutoTag automatically within seconds. Along with the unique AutoTag, Century's AutoDetacher offers fast and efficient operation at the POS and top security for stores. AutoDetacher can be applied in the countertop version as well as in the countersunk version.
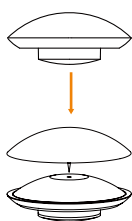

FEATURES

▲ **HIGH SECURITY**

Unique locking system with higher security level

▲ **INNOVATIVE AND EFFICIENT**

Magnetic rotary torque locking system
AutoDetacher unlocks our AutoTags automatically

▲ **COUNTERTOP AND COUNTERSUNK VERSION**

AutoDetacher D420 can be applied on the countertop, but is also available in a countersunk version to save space at checkout.

▲ **Detach the Autotag automatically**

# APPLICATIONS
